Full posting text

Responsibilities

The Supply Chain Analysis team is just one part of H-E-B's Corporate Planning & Analysis division, which develops / maintains budgets and systems while providing current, reliable financial data, analysis, and technical info. The Fresh Supply Chain Analytics team is responsible for analyzing and optimizing the end-to-end movement of fresh products across H-E-B’s supply chain.

As a Supply Chain Analyst, you'll develop processes, tools, reports, and provide data analytics to support H-E-B's supply chain strategic initiatives, such as inventory planning, logistics, and cost optimization.

Once you're eligible, you'll become an Owner in the company, so we're looking for commitment, hard work, and focus on quality and Customer service. 'Partner-owned' means our most important resources--People--drive the innovation, growth, and success that makes H-E-B The Greatest Retailing Company.

We Are Looking For

2+ years of experience

What is the work?
